# Digital Photography

Have you taken pictures before?

What **device** did you use?

How did you make sure the pictures looked good?

I am going to learn:

- That photographs are pictures of real things
- That people who take photographs are called photographers
- That it's not okay to take someone's photo if they don't want you to
- That **portrait** means upright
- That **landscape** means sideways

Portrait

Landscape

- That the **subject** should be in the middle of the photograph
- That I can retake the photo if it didn't come out right
- That I can use the **flash** to make my photo brighter
- That I can use **editing software** to change how my photos look
- How to tell if a photo that I see is real or fake

I will be able to:

- Go through the steps to take a good photograph
- Take photographs in landscape and portrait
- Frame the subject in the middle of the photograph
- Hold the camera steady and focus
- Edit my pictures to make them look better

Outcome:
Take a perfect photograph using all the skills you have learned
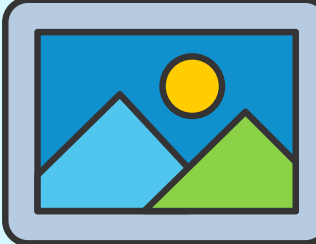

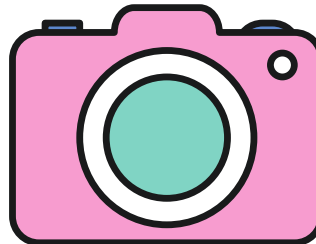

Careers in media
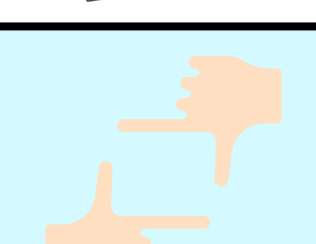

Nature Photographer

Taking pictures of animals and plants in nature.

Creating Media

Vocabulary

|		
photograph	A picture produced by a device (like a camera, phone or tablet).	
capture	Another word for 'taking' a photograph. "I **captured** a photograph of my dog."	
background	The things that are in the back of the photograph - the furthest away from you and the subject.	
subject	The person or thing that you are taking a photograph of.	
framing	How you hold the camera to make sure the subject is in the right place and the photograph looks good.	
editing	Making changes to a photograph to make it look better.	

How do you take a good photograph?

1. Hold the device firmly with both hands.

2. Point the camera lens at the subject.

3. Look into the viewing window or screen.

4. Move the device until you see everything clearly.

5. Press the capture button.

Building Blocks to E-Safety

E-Safety Tips

- Never take a photo of someone if they don't want you to

- Never send someone a photo of yourself or someone else without talking to a parent or trusted adult first

- Never edit photos to make someone look silly without their permission
