

I have already learned:

- How to open an image in a digital editing program
- How to select the tools I need to complete a certain task
- That I can use editing software to change how images look, or improve images

Q Careers in media x

### Event photographer

Taking pictures at people's events and parties, selecting images and editing

## Vocabulary

### KNOWLEDGE GEMS

I am going to learn:

- To experiment with different editing tools and describe how they change an image
- To change the composition of a photo to make it more balanced
- To remove unwanted elements from a photo
- To combine elements from different photos to make one image
- To evaluate and make improvements to my work

**Outcome:**

To create a book cover or poster by combining elements from different photographs

|                    |  |
|--------------------|--|
| <b>crop</b>        | To cut or trim a photo to make it smaller or remove unwanted parts         |
| <b>composition</b> | How you arrange things in a photo to make it look interesting and balanced |
| <b>rotate</b>      | When you turn something around so it faces a different direction           |
| <b>adjustments</b> | Small changes you can make to improve a piece of work                      |
| <b>select</b>      | To choose a specific part of a piece of work                               |
| <b>combine</b>     | To bring different elements together to create one picture                 |
| <b>clone</b>       | To make a copy of something  |

How computers work and how they are made.

How to use computers to create digital content.

How to be safe and responsible on computers.

Which strands of computing have you been learning about today?

## Building Blocks to E-Safety

### E-Safety Tips

- Always use safe and trustworthy editing apps recommended by adults
- Never edit photos in a way that could be hurtful to or make fun of someone else
- Never share photos of yourself without your parents' permission and never share photos of anyone else without their or their parents' permission
- Be aware of copyright rules and don't take images from the internet that you are not allowed to use
