

I have already learned:

- To use the brush, line and shape tools to make marks on a screen
- To select appropriate tools to create art in different styles
- To change the size, style and colour of the brush

KNOWLEDGE GEMS

I am going to learn:

- To create vector drawings by combining shapes
- To select appropriate shapes and colours
- To use zoom to add details to drawings
- To know that each item added creates a new layer in a vector drawing
- To change the order of layers in a drawing
- To group and ungroup objects
- To copy and paste objects

Outcome:

To create a picture label for something in the classroom, using vector drawing.

Building Blocks to E-Safety

E-Safety Tips

- Use strong passwords - Make sure your Google account password is hard to guess and only share it with a trusted adult.
- Keep personal info private - Don't include your name, age, or school in your drawings or when sharing them online.
- Log out when done - Always log out of your account after using Google Draw, especially on shared devices.
- Ask before sharing - Before sharing your drawings online, get permission from a parent or teacher to make sure it's safe.
